

Merry Christmas

December 2020

Greetings from the South once again. Things have finally cooled down to nice spring weather. I have planted my jalapeños and various herbs and a flower garden. Now we wait. We have not seen rain for 9 months so things are dry but at least we have water and look forward to seeing things grow.

In our last letter, Susan and I shared with you about two of our former students, Manuel and Marta, and the church they have planted (established). We are not talking about a building but rather a body of people. It has been so good to watch what God has been doing in this little town of Maytorena where adults are now coming to hear the teaching of the Word of God and various ones have put their faith in the finished work on the Cross. Good things are happening. Funds have come in and a bathroom has been built. Enough funds are there to start a foundation and put a roof over their heads so God is building His church in the spiritual and physical realm.

The new church continues to grow

Starting with the basics –
Building the bathroom.

The Bible school (CEC) is moving full steam ahead for startup in January. By faith we will finish all 14 weeks this year. Please be praying with us. We also have more students that want to come which has never happened this early in the year. Normally we don't know how many we will have till the day before classes begin so we are very much encouraged.

A **Merry Christmas** to you all and thank you for standing with us in this awesome job of making disciples of Jesus.

In His Hands,
Howard & Susan
