The little girl in a tattered, red dress looked up at me with puppy dog eyes; her hand held out with fingers extended. She might have been 5-years old but barely 3 feet tall. We were in the Philippines, downtown Dumaguete, where many indigenous people find themselves homeless. It was very late at night.

Balabac 'n Back

YWAM Ships Philippines delivers critical medical and dental aid to isolated coastal communities as an outpouring of our faith to people of the Philippine Islands.

We are amazed at the goodness of God to provide for the needs of yet another successful medical/dental outreach, this time with 148 volunteers serving 3 communities in the Balabac Island group off southern Palawan.

More outreaches to come. Get involved... and let's go together!!!

There, but for the Grace of God... Go I

There...go I.

We read about it in the news... we see it in our streets... HOMELESSNESS is now a sprawling issue for urban and rural communities across North America. Actual numbers of homeless individuals are potentially 5X more than casual surveys indicate, and the numbers are increasing. What can we do?

In this video, we look at the holistic efforts of a group of volunteers at Lighthouse Community in rural British Columbia, Canada. The Lighthouse is a volunteer driven ministry hosted by a local chapter of the Salvation Army. This story is told through the eyes of “Dave” and “Jeri”, two members of the local homeless community.

June 19, 2024

In our work, we often talk about “going the extra mile.” But what does that really mean? For us, it means showing up where few others will. It means bringing hope to those who may feel forgotten. It means loving ...without expecting anything in return.

Bayanihan is a Tagalog word meaning “hero of the community”. It lies at the heart of Filipino culture and feeds the desire to be in one community, helping one another without any expectation in return.

It is also a core value of the ongoing work of YWAM Ships Philippines. YWAM Ships Philippines is part of a global fleet of Christian medical ships delivering practical help and hope of the Gospel to people living in isolated coastal communities in the South Pacific.
