

# Los Angeles Christian School FALL NEWSLETTER

*"Equipping and Empowering Students to be Christian Leaders in their Communities."*

## Bright Beginnings: Where Young Minds Take Flight!

Super smiles in TK!

LACS is proud to announce that starting this year we are launching a *new* transitional kindergarten program! Also known as, TK, this program is aimed at helping young children ease into their formal education--and what better place to do that than LACS?!

Excitingly, one of the school's own alumni, Melanie Rivas '16, who has recently graduated with a B.A. in Psychology and has a minor in Biblical and Theological Studies, is leading the initiative! Melanie brings a personal connection and deep understanding of the school's values, promising a nurturing and effective start for the new students.

TK is designed to soft launch an academic lifestyle while bridging the gap between preschool and kindergarten. This year of early education will allow young minds to develop essential social, emotional, and academic skills. As the TK teacher, Melanie hopes to provide a strong educational foundation in these new student's academic career and allow them to feel confident in their studies as young students. We are so thrilled to introduce our TK class and cannot wait to see what God has in store for these young learners!

## Calling All Teacher Assistants!

This year we are filled with innovative opportunities that enrich the lives of our students! We are thrilled to announce that starting this fall we are launching a new class at the middle school that centers around hands-on learning! Meaning that we want to introduce our very own students to the field of education, while also strengthening the bond between our elementary and middle school. Our middle school students have gone through a rigorous training process that prepare them to excel in being effective teaching assistants, and are eager to make a positive impact in the lives of the generations to follow them!

# Meet Our New Staff!

Our community is growing! This year at LACS we have hired 5 staff members who are enthusiastic to serve our students and families, and most importantly God, through the art of education. Our new staff include 2 alumni and 3 individuals, who are devoted to serving our community. Each staff member contributes a significant piece to the cultivation of the Image Bearers we are establishing here at our campus. As a team, we are committed to implementing and establishing the concept that our identities are rooted in Christ. This year we are praying that we will embrace each student and family that enter our doors by remembering they are the Imago Dei.
