"...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth."

Acts 1:8 (NIV)

Fourth Quarter Report

Weird to witness springtime in autumn, but the gardens of Babylonstoren, South Africa was the perfect location to celebrate the wedding of our eldest daughter.

In September, our eldest daughter, Leslie, married Malcolm Wope, the man of her dreams. It was a Cinderella occasion in the budding vineyards of the Paarl Region. We welcome you, Malcolm, as a brother and as a son. May God bless your union with His undying Presence.

Even so, the Battle Rages

Even amidst the joys of life, we must remain vigilant. Battle lines are being drawn - you can see it unfold in the natural and the supernatural. So, where is the "frontline" in your life?

For some, their battles are as far as the ends of the earth; for others the lines are much closer to home. By times, everyone's battle is as close as their marriage, their kids; yes, even the mind.

Like Jesus' words to his disciples (see Acts 1:8 above), we are called to speak truth to the world around us; but it must begin in our own personal Jerusalem. It must begin in us.

Lately, we have been challenged to rethink our approach to the stories we tell... to bring a more personal narrative into the mix. This jives with both practical expense and logistic realities of covering stories from around the world.

So far, we have produced stories from far away lands. It has been fun, educational and Lord willing, it has helped to open the hearts of others to the global reality of God at work among us today.

Today marks a significant change in our coverage... not a departure from, but an expansion to the stories we are called to tell. Honesty may come at a cost. If speaking from the heart means the loss of subscribers, then so be it. It is not our intention, but the times being what they are, it is not the time to pull back or to cower.

We seriously hope you will choose to follow our stories and engage with whatever contribution, counterpoint or rebuke you are compelled to put out there.

Clearly, it's time to Rattle The Bones.

A Backyard Story

We read about it in the news... we see it in our streets... HOMELESSNESS is now a sprawling issue for urban and rural communities across North America. Actual numbers of homeless individuals are potentially 5X more than casual surveys indicate, and the numbers are increasing. What can we do?

In this video, we look at the holistic efforts of a group of volunteers at Lighthouse Community in rural British Columbia, Canada. The Lighthouse is a volunteer driven ministry hosted by a local chapter of the Salvation Army, as told through the eyes of "Dave" and "Jeri", two members of the local homeless community.

YWAM Founder Graduates to Eternity

Loren Cunningam, founder of Youth With A Mission, passed into the arms of Jesus on October 6, 2023. He was 88. I met "Uncle Loren" but a few times; read his books, even had the pleasure of doing a workshop with the guy. I have seen his conviction, heard his passion to mobilize youth, and felt a deep call in my heart to do the same. In the truest sense of redemption and evangelism, Loren Cunningham was the real deal. He will be missed. https://lorencunningham.com/
