

September 2024

Dear Family and Friends,

Greetings in the name of Jesus Christ! We are excited to share that our new school year began on August 19th with many blessings. We've welcomed 7 new staff members and launched a pilot TK program with 5 students, all of whom have siblings already attending our school.

Our new principal, Mrs. Cynthia Layton, has been leading us with grace and wisdom. We're also thrilled to have a total of 118 TK-8 students this year—40 more than last year! God is truly at work in our school community.

In addition to the growth in numbers, we are witnessing a deepening sense of unity and purpose among the staff and students. Our teachers are passionate about fostering both academic and spiritual growth in each child, and we are already seeing the fruits of their dedication. It's inspiring to witness the students' enthusiasm for learning and their desire to grow in their faith.

Please keep our new 2nd and 4th-grade teachers, as well as their students, in your prayers. Their roles are vital in helping us shape young lives in Christ. We've included their photos so you can lift them up in prayer by name.

Thank you for your faithful prayers and support as we look forward to an incredible school year!

The Peters Family:
